Description

Hey there junior daredevil, ever feel like there's a caged animal trapped inside of you? Only cure for that: getting a f***ing classic motorcycle. A 1978 Honda CX500. This black & red lady will get you to work like a full-blown go hard, transport you and your shotgun through the zombie apocalypse, and give you a new platform for barreling down the boulevard with the wind tearing at your clothes screaming, "I AM ALIVE!" on the way to f***ing bikram yoga. Runs like a corn through goose, engine rebuilt 2 years ago with less than 1000km on it since. Has a new battery and oil was just changed -- on the road up til last month. A perfect winter project - this old girl has gotten me through some tight spots, and she could use some loving before she gets back to screaming down the streets like a bat out of hell! See that main picture? F***ing Wolverine rode this bike! (license plate not included) Why am I selling it? Cos being alive rules, and I'm far too gnarly of a dude to have a motorcycle. I see a ramp, and I'm gonna hit that mother f**ker going 200km/h and do a backflip right over the 401. \$1200 gets you the bike, some f***ing saddle bags (TWO OF THEM), a shop manual, a windshield, a RUBBERMAID 18 GALLON box full of spare parts, a bike cover, some links to my favorite YouTube videos, a cup of coffee with me, and whatever f***ing donut you want (you must request donut type prior to sale). Still not sold? Look at picture #4, look closely - CLOSER! That's right. I'm throwing in the F**CKING ONE RING TO RULE THEM ALL, conveniently located on the bike's key chain. Act now and rule Middle-earth! One does not simply ride into Mordor--YEAH WELL NOW YOU CAN! DISCLAIMER: Please ignore the colorful language, and rest assured, the bike was not abused by Wolverine like in that Origins movie -- the photos were taken during a cosplay photo shoot and the bike was not in motion.
